

Packing Labels

Instructions on How to Pack:

- **Use Appropriate Boxes** – Heavy items should go in smaller boxes (like books) while lighter items (like bedding) can go in larger boxes. This will make lifting the boxes easier.
- **Pack Heaviest Items First** – Place the heavier items at the bottom of boxes to provide stability. Lighter items can go on top.
- **Don't Overfill** – Try to fill each box to the top to avoid the boxes tipping or collapsing, however, avoid overpacking to the point where the box becomes too heavy to lift. It is better to use more boxes than risk injury.
- **Label Clearly** – Clearly label each box with its contents and the room it belongs to. This makes it easier to unpack and locate items in your new home.
- **Separate Essentials & Non-Essentials** – Make life easier when unpacking. Essential items can be taken to your new home as you will need these immediately upon arrival, whilst non-essentials can be placed in storage.
- **Secure Boxes Properly** – Use packing tape to reinforce the bottom and top of each box to prevent them from falling apart during transport.
- **Protect Fragile Goods** – Use bubble wrap (with the bubbles facing inwards) or paper to pack your fragile goods. We recommend using any extra for padding your boxes for extra protection.
- **Pack Room by Room** – Begin packing one room at a time to stay organised. Label each box with the room it belongs to, a brief description of its contents and the total number of boxes belonging to that room.
- **Avoid Bin Bags** – Try to avoid using bin bags, especially for clothing as they are easily damaged and lack ventilation. We recommend using our wardrobe cardboard boxes for your clothing which can also serve as a temporary wardrobe.
